

## RUSHVILLE WILL ENTERTAIN CLUBS

Seventeenth Annual Convention Of  
Sixth District Federated Group,  
Awarded To This City

### OLD OFFICERS ARE RETAINED

Rush County Report At Brookville  
Convention Shows Local Clubs  
Supporting Appeals

Rushville will entertain the seventeenth annual convention of the Federated Women's Clubs of the Sixth District, having been voted as the convention city at the closing session of the convention in Brookville Wednesday.

Officers were retained for the ensuing year, and are as follows: Miss Marie Gard, Liberty, chairman; Mrs. Cora Long Saxon, Falmouth, vice chairman and Mrs. Rose C. O'Byrne, Brookville, secretary-treasurer.

In extending the invitation for the clubs to convene here next spring, the Rushville delegation sang a song, and included in the song the fact that they would like to be the host next year to the clubs.

In the county reports made, Rush county came out second on the sale of blind women's handwork, largely brought about at the recent Rush county convention. The local clubs had the honor of doing a fair share toward the acquisition of the Sand Dunes, and the report showed that almost 100 percent has been pledged toward the purchase of the Fairview Home of Women's Clubs at New Harmony.

Almost without exception each club in Rush county had a generous pledge toward the completion of the Riley Memorial hospital at Indianapolis, and likewise the response to recent library, parent-teachers' association and social service work appeals had been very heavy and some very definite plans in each of these directions have been launched, the report showed.

The election of officers and reports of the various committees, were the closing features of the sixteenth annual convention, which was held in the Methodist church at Brookville, and which was attended by almost every club in Rush county that is associated with the federation.

Reports of the county chairmen and addresses by state officers of the organization were features of the program Wednesday morning.

Preceding the opening session of the convention Tuesday night in the Methodist Episcopal church at 8 o'clock, a banquet was held in honor of the delegates and visitors at the Christian church. Approximately 100 guests attended the banquet, which was served by the women of the church.

The principal address of the night session of the convention was given by Mrs. Frances G. Richards, Oxford, Ohio. Her subject was, "Babbitt and the Rest of Us," a review of Sinclair Lewis's "Main Street" and "Babbitt." She described the books as satirical commentaries on some phases of American social life.

Mrs. Norma Corya opened the session with an organ recital. Mrs. Elmer Higgs sang two selections. Greetings on behalf of the Franklin county federation were given by Mrs. George E. Mullin. The Rev. J. M. Lamore extended a welcome to the visitors in behalf of Brookville. Mrs. Continued on Page Two

## "WHISKERED KISSING BUG"

Evidence In Inquiry So Describes  
"King" Of House Of David

St. Joseph, Mich., May 3.—"King" Benjamin Purnell of the House of David was pictured as a "whiskered kissing bug" today in evidence given the one-man grand jury investigation of immoral conduct in the religious cult.

A letter received from a former member of the colony by Attorney General Daugherty told how she squandered her girlhood within the gates of the House of David "paradise." This woman, whose name was withheld, pictured Purnell flirting from his pulpit where he exhorted women members of the cult to make side door appointments with the younger virgins.

## TWO PUT IN APPLICATIONS

Wilbur Wolters And Charles Priest  
May Attend Military Camp

Two high school boys, Wilbur Wolters and Charles Priest are among the first to make application for the Citizen's Military training camp, at Camp Knox, according to Will B. Brann, chairman for this county. An appeal was made recently for application from young men and men, who desire to have a month's training at the government's expenses, and so far only the two high school boys have responded. Wolters has been accepted. Priest went last year and is trying to go back again this year. Owen Crimm also attended the camp last year.

The free training begins July 27 and lasts for a month. The government pays railroad fare, board, medical attention and provides clothing, and those who desire to attend should not delay making their application to the local officer.

D. Z. Williams Alleges J. F. Fore  
Fraudulently Conveyed Land After  
Obtaining Money

### ON A PROMISORY NOTE

Court Calendar For New Court Term  
Is Made Out For First Few Weeks,  
Opening Monday

A law suit has been filed in the circuit court by David Z. Williams against Johnathan F. Fore and Claudian Fore, the complaint being on a note and to set aside a fraudulent conveyance, with the demand for \$10,000 judgment.

The complaint alleges that in April 1922, the defendant negotiated with the plaintiff for a loan of \$9,000 payable one year after that date and to bear 7 percent interest. It sets out in the complaint that when the note was given, that the defendant represented himself as being worth \$55,000 and owner of 40 acres of land in this county.

The complaint alleges that the land was mortgaged to the extent of \$41,000 and that fraudulent means were used to convey the real estate in order to avoid payment of the \$9,000 note which is now alleged to be past due, and the demand is for \$10,000 judgment, and the complaint Continued on Page Six

## GERMAN OFFER IS REJECTED BY FRENCH

Cabinet Votes Unanimously Decides  
To Refuse Reparations Proposal  
For Three Reasons

### COMPLETE SURRENDER

Paris, May 3.—The French cabinet voted unanimously today to reject the German offer to settle reparations made yesterday in a note to the allies.

Premier Poincare denounced the German reparations proposal as unacceptable today as the cabinet was called into extra-ordinary session to determine a course of action.

The cabinet objected to the offer on the following grounds:

1.—The amount of 30,000,000,000 gold marks is primarily insufficient to meet war damages.

2.—The guarantees offered do not fully safeguard France.

3.—The conditions attached are unsatisfactory to the French who wish complete surrender.

Premier Poincare will confer with the Belgians regarding the exact phraseology of the reply to be dispatched. A copy of the dual reply will be communicated to all the allies.

The action of France is considered here to place the situation in exactly the status maintained since the French army went into the Ruhr valley to collect its reparations.

The possibility of negotiating for a settlement on the basis of the note is considered remote.

## UNCLE'S P... WILLING TO BE NEIGHBORLY

## MISS COLEMAN TO CONDUCT A TOUR

Art Teacher Will Be In Charge Of  
Another Party Touring Europe  
This Summer

FROM JUNE 22 TO SEPT. 3

One Rushville Girl To Make Trip  
And Others From This County  
May Decide To Go

Miss Henrietta Coleman, supervisor of art in the Rushville public schools, will conduct another party on a tour of Europe this summer, she announced today, and is making up the party.

Miss Esther Anderson of this city, who is teaching in the Bluffton high school this year, is the only local person thus far who has joined Miss Coleman's party. Others from Rushville and other points in Rush county, have the matter under consideration, according to Miss Coleman, and will likely decide to go.

The trip will extend from June 22, when the party sails on the "Montclair" from Montreal, until September 3, when the party lands at New York, if the schedule is followed. The return trip will be made on the "Berengaria" which is said to be the third largest passenger vessel afloat.

The tour is under the management of Bennett's Travel Bureau, New York City, with which concern she was associated last summer.

"No more scenic route can be selected," asserted Miss Coleman today, "than the one to be followed by my party. A thousand new impressions come with each day's pleasure. The student of history, art or architecture will find within its compass a comprehensive survey of the great monuments of civilization. Other tours may be longer, but none is more worth while."

The itinerary will be as follows: June 22—Montreal—Sail on S. S. "Montclair."

June 30—Liverpool—Arrive. Train to Chester.

July 1—Chester—Visit the Old Walls, Phoenix Tower, the quaint Rows, etc.

July 2—Stratford, Shottery—Visit Shakespeare's birthplace and tomb, also Ann Hathaway's cottage. Night at Leamington.

July 3—Warwick, Kenilworth—By motor.

July 4—Oxford—Visit Pembroke, Magdalen and New Colleges. Continued on Page Seven

## CLEMENCY FOR TWO IS DENIED

Leslie Bundrant, Colored, And Frank  
Roth Of Milroy Must Remain  
In Prison

### ACTION OF PARDON BOARD

Both Sentenced At Shelbyville  
Though Bundrant's Offense Was  
Committed Here

Leslie Bundrant, colored, life term in the Indiana state prison, and Frank Roth, serving a ten to 20 year sentence, both of this county and who were given their terms in the Shelby circuit court, have been denied clemency on their pleas, according to the state board of pardons, following their recent session.

Bundrant was sentenced to prison for life in the Shelby circuit court, on June 4, 1908, for the murder of Charles Coleman, colored, a farmer residing near Rushville. Mrs. Coleman, widow of the murdered man, was also implicated in the murder and was tried in the Rush circuit court. The case was one of the most unusual ever known in this section of the state.

Bundrant was tried here before a jury and they inflicted the death sentence, contrary to the court's instructions which called for the life sentence, and as a result of the error of the jury, the defendant was given a change of venue on his motion for a new trial, and the case sent to Shelbyville.

At Shelbyville the defendant pleaded guilty, and the court passed the life term sentence and he has served fifteen years in prison for the murder. Continued on Page Seven

## INQUIRY BY GRAND JURY IS ASSURED

Will Investigate Death Of Leighton  
Mount Whose Skeleton Was  
Found On Lake Pier

### TRUSTEES JOIN IN DEMAND

Northwestern University Authorities  
Seek To Fix Guilt For Murder  
Of Freshman

Chicago, May 3.—A grand jury investigation into the death of Leighton Mount, Northwestern University freshman whose skeleton was found in a Lake Michigan pier, was practically assured today.

The university trustees adopted resolutions joining J. L. Mount, father of the boy alleged to have been slain in a hazing episode, in demanding such a probe.

The trustees were also said to have discussed a \$5,000 reward for those responsible for killing Mount and secreting the body nearly twenty months ago.

Coroner Oscar Wolf, of Evanston, declared in continuing his probe, that "I am determined to find the guilty parties and make them pay."

He said he would subpoena President Walter Dill Scott of the university and question him to the identity of 15 students said to have been dismissed from the institution following Mount's disappearance in 1921. Scott will also be asked regarding Continued on Page Five

## FOUR COMPLAINTS FILED

Replevin And Account Suits In  
Squire Stech's Court

Several complaints have been filed in Justice Stech's court, two being complaints to replevin, and two on accounts. The Spear and Company firm of Chicago is plaintiff in the two replevin cases with George Eliza Patterson as defendant in one and John J. Owens in the other. The complaints allege that the two defendants made purchases and failed to complete their payments on the goods bought. Each complaint also asks \$25 damages.

They have been set for trial May 5. T. W. Lytle has filed two account suits, one against Jesse Stout, demanding \$4.40 and the other against Thomas Stout, demanding \$14.33. These suits have been set for trial May 7.

## TO INVEST PROFITS IN GIFT

Manilla Seniors Clear \$116 on Pro-  
duction of "Clarence"

The two performances of "Clarence" presented at the Manilla auditorium of the school building, April 27 and 28, netted a profit of \$116 with \$217 as the door receipts. The play was given both nights before a large and appreciated audience who enjoyed all of the many situations throughout.

"Clarence" was sponsored by the graduating class of the high school, the cast consisting of eight seniors. Miss Mary William directed the production of the play. With the profits the seniors will probably purchase a gift for the Manilla high school.

## "Y" COMMITTEE TO BE ORGANIZED

Expected To Be Outgrowth Of Dinner  
Conference Held By Y. M. C.  
A. Officials With Local Citizens

### RUSHVILLE MEN SANCTION IT

Endorse Proposal To Form Local  
Organization From Churches And  
Civic Clubs Representatives

A community Y. M. C. A. committee, composed of representatives of the churches and civic organizations will likely grow out of the dinner in the basement of the Main Street Christian church Wednesday evening if the plans endorsed unanimously at the dinner are carried out.

Furthermore, if the work of the community committee works out as planned, it is possible that it may at some future date, develop into a complete Y. M. C. A. organization with a building, as several local speakers last night expressed a willingness to give to a building fund. Dr. Frank H. Green offering \$500 if 299 other men would give a similar amount, and Robert Mansfield asserting that he would match the doctor.

On the motion of the Rev. L. E. Brown, pastor of the Main Street Christian church, it was decided that a community Y. M. C. A. committee should be appointed, the ministers of the city to name two members from each of their churches and the Rotary and Kiwanis club also to name two representatives each. Any other civic organizations that wanted to join in the movement will be permitted to do so, it was indicated at the meeting.

It was also the sense of the meeting Continued on Page Three

## KIT OF INSTRUMENTS FORMS FIRST CLEW

Discovery May Help In Tracing War-  
ren J. Lincoln, Missing Under  
Mysterious Circumstances

### SON EXPLAINS THE FIND

Aurora, Ill., May 3.—Discovery of a kit of surgical instruments used in illegal operations in the home of Warren J. Lincoln, today gave police their first tangible clew in attempts to trace the attorney and kinsman of Abraham Lincoln, missing under mysterious circumstances.

John Lincoln a son of the man who disappeared Monday, told police his father was holding the instruments as threats of prosecution against one of his relatives by marriage.

The attorney found the owner of the instruments in the act of performing an illegal operation upon another member of the family, the son told authorities.

"Efforts had been made to force the father to surrender them but he refused to do so, holding them as a threat of prosecution against the owner," the son said.

Search for John Lincoln was redoubled today.

The second important clew on which authorities had to work was a string of personal cards engraved "Milo Durand, private detective; trailing a specialty," scattered along the path leading from Lincoln's bungalow.

## GIANT MONOPLANE IS NEAR ITS GOAL

T-2 Reaches California and Ap-  
proaches San Diego Following  
Dash Across Continent

### NON-STOP FLIGHT NEAR END

Seen at Many Points in New Mexi-  
co and Passes Over Ogilby, Calif.,  
at 11:15 A. M.

(By United Press)

San Diego, Calif., May 3.—Lieuts. John MacReady and Oakley Kelly landed at North Island, airplane station, San Diego, at 12:27 p. m. after completing history's first non-stop airplane flight across the North American continent.

It sets a new record for the longest airplane flight. The two aviators had been in the air approximately 27 hours, between Mitchell Field, New York and North Island.

The air distance between New York and San Diego is approximately 2403 miles. The best previous distance flight by airplane was from San Diego to Indianapolis by Kelly and MacReady, a distance of 2060 miles.

The flight they completed this afternoon probably will exceed in distance 2750 miles, when the official mileage is computed from their instruments.

As the monoplane came into sight over the outskirts of San Diego, a din of sirens cut loose with bedlam from scores of factories in San Diego. Throngs—although the San Diegans are accustomed to airplanes—poured into the streets shouting and waving handkerchiefs, as the plane flew above. The aviators had lunch at Mincola, New York, yesterday and they will have lunch in San Diego, today.

Ogilby, Calif., May 3.—T-2 passed over here at 11:15 a. m. today. Ogilby is the first town in California after Yuma, Arizona, on the Southern Pacific railroad line.

Las Cruces N. Mex., May 3.—Lieutenants Kelly and MacReady, flying the giant monoplane T-2 in a transcontinental non-stop flight passed over here at 9 a. m., mountain time, according to reports of several persons. This place is 20 miles north-east of El Paso, Texas.

### Flying Ahead of Schedule

Tuenmeari, N. Mexico, May 3.—The giant monoplane T-2 was on the last leg of its transcontinental non-stop flight this morning. Shortly after dawn the huge ship passed through Tuenmeari for San Diego.

Flying at a height of 3,000 feet, the motor of the plane roared smoothly as the airplane glided over the town, arousing a score of citizens.

The plane soared gracefully over the western horizon just as the sun peeked from behind the darkened clouds.

Flying ahead of schedule and true to the course today they had mapped out at the start, the airmen had put the longest leg of their flight behind them.

The whirring of the powerful motor could be heard faintly on the ground below. As the airplane disappeared Continued on Page 6

## TAYLOR IS NEW PRESIDENT

Glenwood Pastor Heads Epworth  
Leagues Of This Group

A large crowd attended the sessions here Tuesday at the St. Paul's M. E. church when the central section of the Connorsville district met here for a meeting, discussing topics of interest to the Epworth League. The address given at the night meeting by Dr. Horsey of Chicago, a noted authority on the League activities, was very entertaining, and well received by the audience.

The Rev. F. T. Taylor of the church at Glenwood, was chosen president of the central division. The Connorsville district is divided into three groups, and a similar meeting was being held today at Waldron, for members comprising the western division.

### Jim's Bigger Cream Check

Jim Johnson's cream checks stayed so small. They fairly made his old cow howl. Because Jim always shipped his cream. To any old creamery, it did seem.

A letter came to Jim one day. That told about the Beatrice way. To his wife Jim said: "That look good to me. Beatrice's cream checks with a guarantee."

Attached to his next case of cream securely. Was a Beatrice tag filled in correctly. The cream was killed from his railroad station. With a confident feeling of Beatrice protection.

A slice of cream and a big cream check. Raced back to Johnson, each and every. The check was priced on a tip-top market. And the can re-ordered for Jim's next shipment.

Now experience taught Johnson and his wife. Where to find real joy in dairy life. They ship all their cream to the B. C. C. And their Bigger Cream Checks are satisfactory.

For highest cash returns, tie a Beatrice tag securely to your next can of cream, and bill to us any day from your railroad station with our protection.

## ASSURES RETRIAL OF W. Z. FOSTER

### Conviction Of Charles E. Ruthenberg In Michigan Communist Cases Thus Interpreted

#### GUilty OF SYNDICALISM

#### Jury Finds That He Advocated Overthrow Of Government—Judge Defers Sentence

St. Joseph, Mich., May 3.—Conviction of Charles E. Ruthenberg, Cleveland, in the Michigan communist cases last night, assures a retrial of William Z. Foster, liberal labor leader, state authorities declared today.

A jury found Ruthenberg guilty of violating the Michigan criminal syndicalist law by advocating overthrow of the United States government by force. The verdict makes the defendant liable to a 10 year prison term, a \$5,000 fine or both.

Judge Charles White deferred sentence until June 4, pending appeal of the case.

O. L. Smith, assistant Attorney general issued a statement declaring "it is a righteous verdict by an all American jury."

"Had Ruthenberg, a draft evader and a war obstructor, gone free after the evidence presented, it would have been a blot on the country. The jury showed its Americanism with a quick verdict and only three ballots. We shall convict the rest of the defendants just as Ruthenberg was convicted."

Foster, Ruthenberg and several others were arrested in a raid on a communist convention at Bridgman, Mich., by state and federal operatives. Much literature of the communist party was seized.

The jury which tried Foster recently disagreed.

Ruthenberg, a member of the executive committee of the communist party of America heard the verdict calmly. He refused to comment.

Eight farmers, a former justice of the peace, an American Legion member and two salesmen comprised the Ruthenberg jury. Judge White instructed them that presence at the Bridgman convention did not make the communists guilty of law violation unless they advocated a crime in proposing to change the American government.

On the first two ballots the jury stood 9 to 3 for conviction.

## Are Your Pigs Off Their Feed ?

ARE YOUR PIGS putting on weight as fast as they should? Are they getting the most out of their feed?

Maybe your pigs are like Jesse Snyder's, of Mt. Comfort, Ind. He noticed that his shoats were not doing very well. They were restless—kept rooting around and trying to get out of the hog lot. They were after something their present ration lacked.

Mr. Snyder heard about KINGSBURY'S Mineral Hog Feed and decided to try a bag. He put it in his self-feeder and stood by to see what happened. His pigs went after it greedily. It was all gone in a few days and he put in another bag.

His pigs stopped rooting—they were content to lie around in the hog lot. They got back on their feed and began gaining weight rapidly. KINGSBURY'S Mineral Hog Feed supplied the

very body and bone building elements that their systems craved.

Get your pigs back on their feed like Jesse Snyder did his—like a lot of hog raisers are doing in your community right now. Get a bag of KINGSBURY'S Mineral Hog Feed from your dealer. Give your pigs a chance to make the most money for you. KINGSBURY'S Mineral Hog Feed is rich in phosphorus, sulphate of lime, calcium and other important minerals—based on Purdue's formula—and insures bigger frame, higher vitality, better appetite and more rapid gain in weight.

KINGSBURY'S is an accurately-mixed mineral ration ready for your self-feeder. And you can get it at the right price—no fancy canvassers' selling commissions to pay, no long-distance freight rates and warehouse charges. Your own, dependable dealer has KINGSBURY'S. See him!

### WILL CONTINUE THE FIGHT

Real Mother of Beatrice Nuttall to Contest Court's Ruling

Chicago, May 3.—Mrs. James Morris, the real mother of Beatrice Nuttall, will continue her fight for the child's custody, attorneys announced today.  
Superior Court Judge Joseph B. David late yesterday awarded Beatrice to her foster mother, Mrs. James Nuttall, Waukegan, Ill., following a court contest by the two "mothers" in the dramatic case.  
Mrs. Morris plans to attack the adoption proceedings on grounds she did not consent to them when her illegitimate baby was taken from her to prevent "disgrace to the family" twelve years ago.

### "Y" COMMITTEE TO BE ORGANIZED

Continued from Page One  
ing that the committee when formed, should meet and canvass the situation, and see what could be done in organizing a Hi-Y club, a Y. M. C. A. activity in the high schools, and in backing up other Y. M. C. A. activities that are confined to communities without buildings.  
The banqueters likewise delegated T. M. Green, who presided during the speech-making following the banquet to act as the prod which shall get the community committee organized.

The expressions from the local men came following addresses by C. A. Tevelough of Indianapolis, general secretary of the State Young Men's Christian Association of Indiana; R. J. Duke, assistant state secretary and in charge of the southeastern part of Indiana, and C. B. Harrison, general secretary of the Newcastle Y. M. C. A., where a campaign for a building fund of \$100,000 will be conducted next week.

The general secretary illustrated his talk about the Y. M. C. A., which was confined mostly to Indiana, with stereopticon views. He pointed out that there are now 21 buildings in Indiana, valued at two million dollars, and that the state membership amounts to 33,000. The Y. M. C. A. is organized in fifty nations, has two million members in 9,000 local units, he stated.

"The Y. M. C. A. has the best correspondence school work in the world at a less expense than any other course," Mr. Tevelough declared, in recalling that the organization offered 250 courses, and that 110,000 attended its night schools last year.

These facts were presented as they were suggested by pictures thrown

on the screen, showing of all the buildings in the state, of conferences held by the older boys and the Hi-Y clubs and other groups; likewise maps revealing how the organization covers a large part of the state, even though the most of the communities in which it operates has no buildings. There are sixty Hi-Y clubs in the state, the speaker said.

The speaker in referring to the Y. M. C. A.'s war service said that \$7,000,000 of its fund raised for war work, which was left when the war ended, was devoted to scholarships for former soldiers and that 2,500 of these scholarships, with a value of \$140,000 went to Indiana men.

Mr. Tevelough also described the work among railroad men and of the division of the state into districts, with a secretary for many of them to keep the work moving.

Mr. Harrison, the Newcastle secretary, said that a large measure of the Y. M. C. A.'s success was due to its recognition of a man's desire for physical development. He also spoke briefly of the work at Newcastle.

R. J. Duke, who was born in Anderson township and later lived in Center township, this county, spoke for a few minutes regarding his work as boys work secretary in Indiana and district secretary in southeastern Indiana.

"Our program consists," he asserted, "of twenty-five trained secretaries and 10,000 boys reached in a material way, and sixty Hi-Y clubs in Indiana with 1,800 members."

Mr. Duke said that 38 states had been reached by the Y. M. C. A. organization, the motto of which is to create and maintain a high standard of Christian character.  
The assistant secretary described how conditions were being bettered in high schools where Hi-Y clubs had been formed, how the Bible was being taught and resulted in a Bible study contest with 2,000 boys enrolled for eight weeks.

He told of the last older boys conference, which was attended by 2,500 boys, and of the plan to establish a permanent summer camp near Bedford, to which any city may send a group of boys.  
It was Mr. Duke who suggested a community committee, such as is planned, to foster the movement here. By means of this committee, he said, "You would have a program that would go straight to a goal and would not be a hit and miss affair; one that would be a spiritual force in the community, that organizes, achieves and wins."  
Ralph Sues of the high school spoke for a few minutes on the value of a Hi-Y club and urged that one be organized in Rushville, pointing to the worth of an organization that would promote clean sports, clean living and clean speech.

"We would be unappreciative if we did not express our thanks to these men for the program and banquet," said Hugh Manzy, who was the first Rushville man to speak. He endorsed the Y. M. C. A. activities.

Dr. Frank Green spoke enthusiastically in favor of the organization and voiced his approval of a movement to erect a building.

Dr. D. D. VanOsdol said that something should be done to take care of the boys of the community and surround them with better influences and sanctioned the Y. M. C. A. movement for this reason. He urged immediate action.

The Rev. R. W. Sage, pastor of the First Baptist church, asserted that being a stranger here, he might not understand the conditions but that the need of the Y. M. C. A. had been admitted by speakers, and that if it was not met, nothing short of cowardice could be the reason.

Mr. Tevelough interrupted to say that the Y. M. C. A. state headquarters was at the service of the Rushville men in anything they wanted to do, and whenever the time came for raising a building fund, the Indiana organization would be

ready to lend assistance to provide building plans and a secretarial staff.

Austin Frazee spoke briefly about work among boys and George Grieser endorsed the Y. M. C. A. and told something of his experiences with the organization in Cincinnati.  
Robert E. Mansfield spoke of the splendid opportunity for service that the young man offered and said that he was willing to join in a building campaign.

Amos Baxter suggested endorsement of the Hi-Y club and spoke of its value to high school students.

Mrs. L. E. Brown told her experiences in Y. M. C. A. work in Anderson.

The dinner was provided by women of the Christian church and the expense was met by the Y. M. C. A.

### TO SPEAK IN TWENTY CITIES

President Harding To Visit South Bend During His Tour

Washington, May 3.—President Harding has agreed tentatively to speak in forty cities on his western trip this summer, it was learned today.  
In at least fifteen or probably twenty cities, the president plans to

deliver formal addresses upon subjects of first importance. At the other stops enroute to and from Alaska, he expects to make rear platform speeches.

South Bend is the only Indiana city included in the itinerary.

Richmond—Charles H. Moss, Terre Haute, was given a verdict of \$500 damages for false imprisonment. The American Security company was the defendant.

**WAY TO LIFE:**—He hath showed thee, O man, what is good, and what doth the Lord require of thee, but to do justly and to love mercy, and to walk humbly with thy God.—Micah 6: 8.

## The Y. M. C. A. in Rushville

Very little notice has been taken of the fact locally that the Young Men's Christian Association has been functioning all over Indiana regardless of whether it has the physical equipment necessary in many communities. The Y. M. C. A., by extending its service, has proved its worth as a means of community betterment with its work among the older boys who are too young to join up with a man's organization, too old for Boy Scouts or are not closely identified with some church.

Most certainly the Y. M. C. A. deserves all the support it can get in maintaining district secretaries who keep in touch with the activities in a given group of countries and try to extend the Y. M. C. A. work into every section.

At a conference Wednesday night, C. A. Tevebaugh, general secretary of the state work, and R. J. Duke, assistant secretary, showed how the organization can be of service to this

community if it is given the least bit of support, and the men at the banquet, at which the Y. M. C. A. was host, indicated that they were ready to line up to this program which is designed to make better citizens.

Very few of even the most optimistic men of Rushville can see any prospect of a Y. M. C. A. building in Rushville very soon, but they do see a splendid opportunity to be of service to the older boys by doing their part in the Y. M. C. A. program to make it serve its real purposes in the community.

Once the Y. M. C. A. program is functioning properly here and need of more physical equipment is seen, in order to get the best results from the efforts of those engaged in the undertaking, it is possible that means may be devised to make Rushville a truly Y. M. C. A. city with a creditable building properly equipped.

It appears that the first step is first to give the organization a chance to show what it can do, with the aid of Rushville men who are willing to devote some of their time in the interests of the future citizenship of the community. Results, among them a Y. M. C. A. building, will follow in their logical sequence, most likely.

## Motorists and "Mule"

"Motorists who have been accustomed to flirting with the 'mule' while it is white are advised of the severe penalties now covering such cases. Whether the 'mule' is in the driver's head or whether contraband liquor is in his car—it is going to be severely expensive, the Hoosier Motorist points out. "Under the English bill, drivers convicted of operating a motor vehicle when under influence of liquor shall be punished by a fine not exceeding \$500 to which shall be added (note the 'shall') imprisonment in the county jail or state farm for not less than ten days or more than six months. On a second or subsequent offense the offender would be guilty of a felony and punished by imprisonment for not less than one year or more than five years. Also, it is the duty of the judge to see that the secretary of state shall revoke the license of such offender for a period of one year. The law against transporting liquor in any vehicle makes it a felony with punishment of from one to two years and a fine not exceeding \$1,000."

Increased penalties against speeding provide for a fine of not to exceed \$100 for first offense and on second or subsequent offense a mandatory jail sentence of not less than 60 days or more than six months must be added."

## CARTHAGE MAN TO PREACH

The Rev. Mr. Glover of the Wesleyan M. E. church of Carthage will preach at the United Brethren church tonight at 7:30 o'clock. It is urged that a large attendance be present to hear the speaker.

## AMUSEMENTS

## Remarkable Photoplay

"Quincy Adams Sawyer," which was seen for the first time yesterday at the Princess Theatre, is in many ways a remarkable photoplay and will be seen again today. It has all the elements which go to make a thoroughly interesting motion picture, and the large audiences yesterday greeted it with unmistakable enthusiasm. It is safe to say that the screen version of this sensationally popular novel is going to prove one of the best liked pictures of the year.

First of all, there is the story itself which makes its appeal. The homely narrative of New England rural folks has still the same sweet charm, the same delightful and quaint flavor which it had as a novel and later as a play. Its delightful people and their affairs hold the interest throughout.

The story is concerned with the adventures of the young Boston lawyer, Quincy, when he comes to Mason's Corner to clear up a legal matter. He wins the affections of the town's women-folk, but he incurs the enmity of the local czar, Obadiah Strout. It is the conflict between Quincy and Strout which forms the main motive of the story, but there are many unusual and comic situations as well.

In the cast are a dozen screen celebrities. Rarely has such fine judgment been shown in assigning roles in a motion picture. All of the important characters are portrayed by players who have themselves been featured and starred, and as a result, splendid acting is the rule. Among the players are: Blanch Sweet, Lon Chaney, Barbara La Marr, John Bowers, Elmo Lincoln, June Elvidge, Louise Fazenda, Zaza Pitts, Hank Mann, Edward Connelly, Kate Lester, and many others.

## FIFTEEN YEARS

## AGO TODAY

From The Daily Republican  
Monday May 4, 1908

Capt. J. H. Manzy writes from San Antonio, Tex., that it is "mighty cool" there too, but no frost. He intends going to Dallas for a few weeks, when he will come to Rushville to visit friends.

Saturday afternoon at the Rush Auto Club meeting there were several present who didn't have the pass word. "Bill" Davis was there, and while he does not own a motor car, he has enough literature on the question to fill a tonneau, and for that reason he was admitted. Rich Reed, Tom Arbuckle and Dr. Green were the Chauncey DePews of the occasion and consequently were subsequently elected to office.

The commencement of the Manilla high school will be held at the Methodist church, May 19. The graduates are Rue Miller, Jesse Strake, Donald Mull, Wilbur Mahin and Deprez Inlow and the Misses Mabel English and Myra Headlee.

Walter, Priest of Indianapolis spent Saturday with friends and relatives in this city. He is employed as clerk at George Caldwell's Stock Yards hotel.

Lewis Frazee and a college guest from DePauw spent Sunday with his parents, Mr. and Mrs. John P. Frazee in North Main street.

Miss Bessie Lee returned last night after a short visit with friends in Peru where she attended a house party.

Connorsville News: Cullen Sexton, the son of Dr. Sexton of Rushville, was a guest of Neff Ashworth Saturday.

T. J. Newkirk formerly of this city who now enjoys the high position of claim agent of the Rock Island system, was in Rushville Saturday visiting old friends.

Connorsville Examiner: Miss Pearl Widan, of near Rushville, who is very popular here, having visited here many times, will be united in marriage next Wednesday afternoon at two o'clock, to William Wilson, of Rushville. The wedding will be very elaborate and many guests will attend.

Miss Hettie Retherford of Indianapolis spent Sunday with her parents, Mr. and Mrs. Robert H. Retherford, in West Fifth street.

Jacob Feudner, who has been suffering with an acute attack of linitis, was able to be out Saturday for the first time in two weeks.

Father R. J. Rowan, formerly pastor of the Catholic church of this city, but now has charge at Evansville, is spending a few months in the southwest and in the far west for the benefit of his health.

If I Could Read Well—

Of course, I mean read aloud. There usually is work to be done for a trained reader, and at good rates, too. For instance, I could read at children's parties, banquets, meetings, entertainments, in sick rooms, etc.

The question usually is where to find a good reader. I'd settle this in the minds of most of the people of Rushville by telling them about myself. The quickest way to tell them is with Daily Republican Want Ads.

## Compensating Amateurs

By HENRY L. FARRELL  
(United Press Sports Editor)  
New York, May 3—Some astonishment resulted at the last session of the international Olympic Congress in Rome when the delegates from Sweden suggested that it was ready to discuss some means of compensating amateur athletes for the time they lost in competing in big meets.

The suggestion was followed with horror among some of the other delegations and in the characteristic fashion of most of the sport governing bodies in avoiding big new problems, it was decided that each nation could draw its own definitions of amateurism.

The problem, being thus disposed of, will be settled only temporarily, as there is bound to be a lot of complaint if Sweden should decide that it is not improper to compensate an athlete, and her paid athletes should some time be called upon to meet representatives of other nations of contrary belief.

It seems that some equitable basis should be found upon which an amateur athlete could get remunerative reward for the time and trouble spent in developing his talents.

It is only fair that an athlete who is called upon to leave his work

for a week or more should be compensated in the sum that he would have earned if he had remained in the pursuit of his method of livelihood.

The present system of allowing the athlete only his actual expenses only encourages a little "cheating" on the side, whereas the above plan might serve to remove all temptations.

Beyond whatever glory there is in it, the young athlete gets nothing for the time that he might better spend in advancing himself in a professional or commercial business and what ever glory he does acquire is short-lived, unless he is of such exceptional ability that he can establish a record of long standing.

Most of the amateur athletes cherish their status as an amateur, and many times in the face of great temptations, Charley Paddock, for instance, was offered \$30,000 recently to engage in a three-weeks' series of races on a circuit in California. He declined.

The sprint king has received numerous other offers in the past to engage in professional work, and he might have earned \$100,000 for such services if he had chosen to leave the amateur ranks.

Considering that the gate receipts for big meets run into large sums of money annually, it does not seem just that such loyalty should go totally unrewarded.

## WASTING ARMS ON LAST PLACE CLUB

Reuther, Grimes And Vance Going Down With Rope and Weight of Brooklyn Around Necks

## FORMER ABOUT LEAGUE'S BEST

Up Against Hard Proposition With Trickey Contract Where He Gets Paid on Win Basis

By HENRY L. FARRELL  
(U. P. Staff Correspondent)

New York, May 3—Three of the best pitchers in baseball are wasting their arms on a last place club in the National League and unless something is done they will finish with an average of about .250.

Like Nap Rucker, baseball's most tragic example of wasted talent, Dutch Reuther, "Burly" Grimes and Dazzy Vance are going down with the rope and weight of the Brooklyn ball club around their necks.

Dutch Reuther is about the best pitcher in the National League. His presence on any of three other clubs would mean almost a pennant for that outfit. Last Monday at the Polo Grounds Reuther pitched a wonderful game against the Giants. Late in the game his catcher missed a signal, the ball went right through him and the winning run scored from third for the Giants. And Reuther was charged with a wild pitch and the loss of his own game.

To make it the more disheartening, Reuther has one of those tricky Ebbetts contracts by which he gets his money on a "win game" basis. If he wins twenty games he gets his top price and if he wins more he gets a bonus for a certain number of games. Asking him to win twenty games with what the Robins have set up behind him is like asking him to paint the Woolworth building with an eye lash dauber.

Grimes ran into the same thing against the Giants on Tuesday. He let the champions down with six hits and saw his game blown in the last inning when his third baseman hurled an easy chance to the stands.

Vance came in for his share yesterday when he struck out 15 Giants and lost his game.

Last week the Brooklyn club owners announced that the team had to be rebuilt and a bid of \$100,000 was offered the Baltimore Orioles for Joe Boley, the star shortstop of the International League. Such an offer meant nothing, because Jack Dunn turned down a bigger bid last winter. Ebbetts then turned around and hinted that he would give \$100,000 to the Cincinnati Reds for Babe Pinelli, one of the best third basemen in the major leagues. He couldn't get Pinelli for twice that sum.

## In Condition

Less Willard appears to be in fit condition to enter the ring again. His rest was about the only thing he did last night.

## She Can Ride!

Not many men get safely across this water jump at Dunham, England, but here you see Miss Alice A. taking "Western Maid" over in perfect form.

## The Score Board

Fried's single, an infield out, a pass to Young and Kelly's long sacrifice fly scored the run in the eleventh inning that gave the Giants a 7 to 6 victory over the Robins.

With the bases filled, Morton passed Cobb in the eighth inning and forced in the tying run. Fothergill then singled and drove in the run that enabled the Tigers to beat the Indians 4 to 3.

Five runs scored in the last three innings gave the Braves an 11 to 7 victory over the Phils and their sixth straight game.

Everett Scott got a fine medal for playing in his one thousandth straight game and the Yanks got nothing from Walter Johnson, the Senators winning 3-0.

Bohne's wild throw on a sure double play in the ninth inning allowed the Cubs to score the run that beat the Reds 2-1. The Reds got only one hit off Osborne but he gave seven bases on balls and the Reds stole six bases.

Triples by Perkins and Galloway with errors by Fewster and Burns gave the Athletics four runs in the first inning and a 4-3 victory over the Red Sox.

Seventeen hits off three pitchers gave the Cards a 12 to 1 win over the Pirates.

Vangilder gave the White Sox only three hits but his wildness and the daring base running of Mostil caused the Browns to lose 4-2.

## INQUIRY BY GRAND JURY IS ASSURED

Continued from Page One  
claims of the elder Mount that some time ago Scott told the father he "understood the boy was still alive." With Mrs. Mount, Leighton's mother, near collapse from sorrow, the father took up a relentless fight to bring the slayers of his son to justice.

The elder Mount cast aside all business and aided in directing the questioning of university students and others. A good deal of the fortune of the family has been spent for detectives who kept up the search for the body after police and university authorities quit the quest

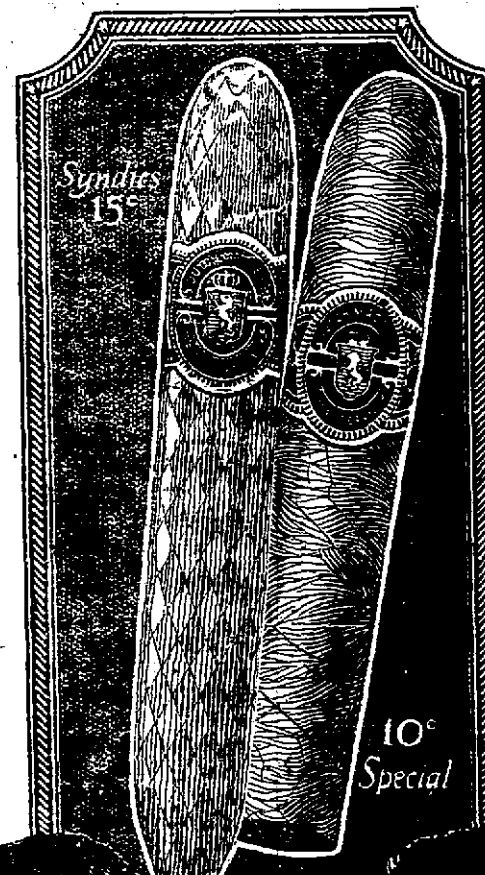

three days following Leighton's disappearance.

Miss Alice Fuchs, a nurse maid, further blasted the suicide and "self disappearance" theories first held by authorities today. In denying she was a former sweetheart of the boy she admitted he wrote her a letter telling her "goodbye" but said it was she that was supposed to be leaving town.

She received the letter by messenger the day after his disappearance, she said. It was unsigned. She scoffed at the suicide theory.

The coroner's jury probing the case will reconvene tomorrow. Students will be quizzed and physicians who declare the body was buried in lime to lessen chances of its discovery when placed in the pier will be heard.

Mount announced that the skeleton of his son will not be buried until the slayers are arrested.

The regular meeting of the Coterie which was to have been held Monday May 7 has been postponed for a week and on Monday afternoon, May 14, Mrs. D. D. VanOsdel will entertain the club.

Mr. and Mrs. A. T. Janken, Mrs. Edwin Megee, Miss Elizabeth McWilliams, and Burton Smith motored to Brookville, Ind., Wednesday evening. Miss Mary Janken who has been attending the Sixth District Federation of Women's Clubs convention there, returned home with them.

The Ninth Indiana Travellers Reunion association will meet Tuesday afternoon at two o'clock, May 15, in Muncie. The headquarters will be on the northwest corner of Walnut and Adams streets, Muncie, and will be open to the Ninth Indiana Travelers during the three days of the state encampment of the Grand Army of Republic, May 15, 16 and 17. There are several of the members that live in this city, who are urged to attend this reunion.

Ross Reynold's Palas Garden orchestra will play for a dance to be given by Paul Spivey and Eugene Kelly next Monday evening at the new and spacious dancing pavilion in the Modern Appliance building, in

West Third street. The floor will accommodate two hundred couples. The patronesses for the dance will be Mrs. Gunn Haydon, Mrs. Carl Beher, Mrs. T. G. Kelly and Mrs. Rich Reed. Harry Bason and Jack Tillson, authors of "Count the Days," will be the entertainers.

The Rev. and Mrs. Edwin H. Carr have announced the engagement of their daughter, Charlotte Havens Carr, to Arthur Sudall, son of Mr. and Mrs. J. Henry Sudall, of Peeks-kill. He has been a member of the New York annual conference since 1895, during which time he has served as pastor in New York City seven years. G. P. Putnam's Sons published his books; namely, Putnam's Phrase Book, Putnam's Minute-A-Day English, Putnam's Ready Speech-Maker. Mr. Carr was born in Rushville. His parents were Mr. and Mrs. L. H. Carr, his mother being a sister of Homer and L. H. Havens of this city.

Mrs. Howard M. Pike entertained Tuesday afternoon at her home in Glenwood honoring her daughter, Frances' fifth birthday. After the play the children were brought to the dining table decorated with flowers and lighted by the birthday candles. Ice cream and cake were served. Those present were the Misses Maxine Dawson, Ella Agnes Stamm, Alice Thatcher, Viola Reynolds, Imogene Patrick, Aileen Brooks and Lowell Hinchman George Bell, Hale Hinchman, Eugene Combs, Bobby Lewark and Ruel Reynolds and Mrs. John Dawson and Mrs. Anna Paxton of Orange.

The Friendship class of the St. Paul's Methodist Episcopal church was delightfully entertained Wednesday evening at the home of Mrs. Veri Behout in North Perkins street. A business period was conducted, followed by a very interesting program, prepared by the program committee, consisting of Mrs. Albert C. Stevens and Mrs. Robert E. Hinchman. Mrs. Neff Ashworth sang "When the World is Waiting for the Sunrise" and "Smilin' Through" Little Miss Mary Estelle Compton gave

The court calendar for the first two weeks of the May term, which convenes Monday, has been prepared by Judge Sparks. On account of the busy season on the farms at this time, it is believed that the jury will not be called until later in the month. Most of the cases set for trial are of little importance. The case of the state against Clevenger, is set for May 21, and three days have been allotted for trial.

One of the oldest cases on record, Herkless against Kellar, is set for May 14. This suit involves a sewer contract on Arthur street, and dates back to 15 or 16 years ago.

The complete schedule for the first few weeks, is as follows:  
May 7—Calling dockets and issues  
May 8—Widvey vs Zorne; Watkins vs Buckner  
May 9—Commercial vs Oneal; Myers vs Martin, est.  
May 10—Newcastle vs Newby; West-terfield vs Willey, est.  
May 11—Urbach vs Floyd; Roach vs Roach, est.  
May 14—Herkless vs Kellar  
May 16—Peet vs Kehl; Colt vs Collins  
May 17—Dugan vs Newbold; Wilson vs Addison  
May 18—State, ex rel., vs Perkins; Indiana Refining Co vs Peek  
May 19—Messmore vs Messmore; Buchanan vs Buchanan  
May 21—State vs Clevenger.

### Passes Over Kansas City

Kansas City, Mo., May 3—The army airplane T-2 was believed safely across Kansas today on its trans-continental non-stop flight.

The trail blazer of the air passed over Kansas City shortly after midnight, flying high in the air, the steady roar of the motors indicating no difficulties had been experienced by the pilots. Lieutenants John A. MacReady and Oakley Kelly.

The plane was reported sighted over Topeka a half hour later, flying high in the air at a speed of about 100 miles an hour.

The aviators who left Roosevelt field at Hempstead, N. Y., shortly after noon yesterday were slightly ahead of schedule when they passed over this section and will realize their ambition to eat lunch in San Diego, Calif., today unless they encounter difficulties on the last leg of their flight.

They had travelled approximately half of the distance from coast to coast when they passed over Kansas City.

The Santa Fe railroad at Topeka received word from its office at Tucumcari, N. Mex., this morning that an airplane was seen flying over that point shortly before dawn. The plane was flying high, the report said.

### Seen Over Irvington

Indianapolis, Ind., May 3—Hundreds of residents of Irvington saw the T-2 as it passed over Indianapolis Wednesday evening. Observers reported today that the giant plane was flying at an altitude of 3,000 feet and the motors were working perfectly.

### "All Darn Foolishness"

Indianapolis, Ind., May 3—Endurance dancing is "all darn foolishness," according to R. L. Sullivan, a dancing master here.

"Why is it that the girls are breaking the records and the men wear out in a few hours?" he was asked.

"Because the girls don't dance," he replied. "They make the men carry them. What is more I don't believe they wear out a lot of shoes as some have reported. They don't have their feet on the floor long enough."

Endurance dancing may be new, but the real long-distance dancing is old stuff in Indianapolis, Sullivan said.

"Back in 1910, we started the 'marathon dance' idea. It was to see how many miles a dancer could cover in a given length of time."

IT IS remarkable what wonderful things one can do with enamel and paint. Old furniture can be decorated, ordinary jars, bottles, flower pots, and glassware can be made attractive by the skillful use of color.

The actual cost of making things like this is small. The pleasure such work gives you and the tidy prices you can ask, make it an ideal way of making extra money.

I know very well I would make up a number of samples right away. When I had them completed, I would run a Daily Republican Want Ad, telling folks of my work, and then watch the orders roll in.

I was very nervous and worried, tired all the time, and after I read about the Vegetable Compound I tried it and kept on with it. I still continue its use and recommend it to my friends. You may publish these facts as a testimonial for your medicine."—Mrs. W. K. KLINGE, 169 Plymouth St., Pittsburgh, Pa.  
It is remarkable how many cases have been reported similar to this one. Many mothers are left in a weakened and run-down condition after the birth of the child, and for such mothers the care of the baby is well-nigh impossible. Not only is it hard for the mother, but the child itself will indirectly suffer.  
Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother at this time. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs. It can be taken in safety by the nursing mother.

**CLEMENCY FOR TWO IS DENIED**

Continued from Page One  
der which was one of the most shocking ever known. Bundrant had been befriended by Mr. Coleman and while living at the Coleman home renewed an old love affair with Mrs. Coleman. A hatchet was used in committing the murder while Mr. Coleman was on his way to Rushville.  
Hundreds of names were signed to a petition for clemency to Frank Roth, the Milroy youth who was convicted at Shelbyville Feb. 6, 1922 for assault and battery with intent to rob. The petition failed to obtain the parole for the young man, however. Orph George, who was also convicted with Roth on the charge, is serving a sentence of ten to twenty years in the state prison.

The men attempted to rob Hayes Marshall at his store in Blue Ridge and were taken in charge after a chase that extended over several miles in Rush and Shelby counties. George issued a statement from his cell in the prison that Roth was only a tool in his hands and had nothing to do with the plans for the hold up but had only acted on the orders of George. Roth is the son of a prominent Rush county family and residents of the Milroy community were interested in the attempt to secure clemency. Roth was sentenced to the

Indiana reformatory but has been moved to the Indiana State Prison.

### SEN. WATSON OPPOSED TO SIX TO ONE VOTE

Part of World Court Plan Gives  
British Six Votes to U. S. One  
in Election of Court Judges

#### PREDICTS NO PARTY SPLIT

Indianapolis, Ind., May 3—"I am especially opposed to that part of the world court plan which gives the British six votes to our one in the election of judges to the court," said Senator James E. Watson in an interview here today. "But that does not disturb my relations with the president or my determination to aid in his nomination."

"My personal opinion is that the differences between the president and senators over the court issue will be reached through reservations."

"There will be no split in the party."

Watson's advocacy of President Harding for the Republican nomination next year was taken by politicians here to be an effort to prevent the world court from becoming serious within the party.

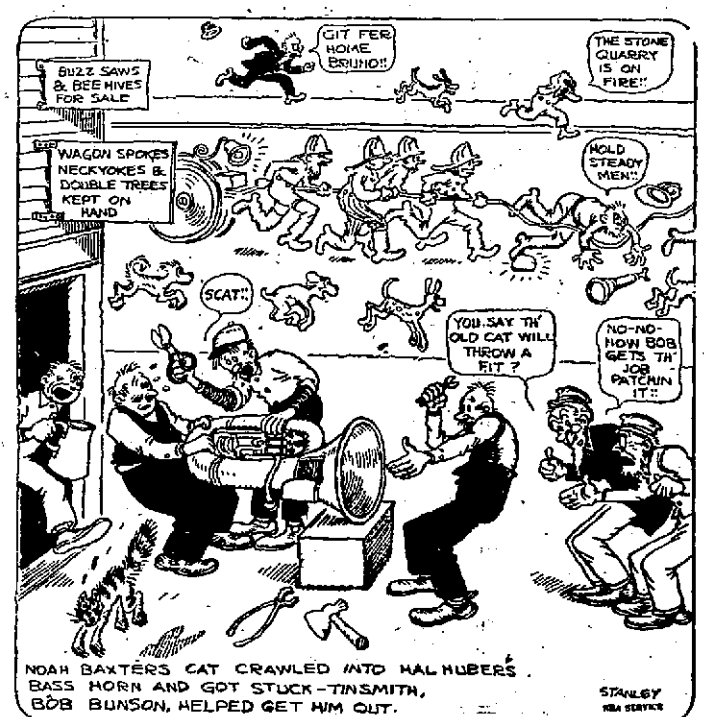

#### TO MEET SATURDAY

The regular meeting of the Rush county company of the Horse Thief Detectives association will be held at the commissioners' room in the court house Saturday afternoon at 2:30 o'clock.

#### PAY TELEPHONE TOLL

Don't overlook to pay your telephone toll before May 12 if you wish to avoid paying 15 cents extra for collection. No notice will be given by telephone. M. V. SPIVEY

### JOHN B. MORRIS

### Facts About Child-Birth

An eminent physician has shown to thousands of expectant mothers just how to be free from dread and from much of the suffering which many mothers experience for months, right up to the moment when the little one arrives!

Mrs. Wm. Washington, 187 Louisa Ave., Nashville, Tenn., says: "There is positively no woman on earth that would be without Mother's Friend during expectancy if she only knew the value of comfort."

"Mother's Friend" is externally applied to the region of the abdomen, back and hips. It relieves the tension on nerves and ligaments as month follows month. Finally, it makes childbirth a joy instead of a painful dread.

Use "Mother's Friend" as our mothers and grandmothers did. Don't wait until today and tomorrow write to Bradfield Regulator Co., R. A. 47, Atlanta, Ga., for a free wonderful book containing information every expectant mother should have. Get a bottle of "Mother's Friend" today. It is sold by all druggists—everywhere.
